3.5 Names of Consultants, roles and areas of interest

Name	Role (eg clinical lead, consultant)	Areas of Interest
Gordon Craig	FICM examiner (Anaesthetics)	Trauma. PHEM.
Kayode Adeniji	Faculty Tutor. Digital Medicine Clinical Lead. Respiratory High Care Lead Clinician (Respiratory)	CPET. Critical Care follow up and Rehab. Ventilatory support in neuromuscular disease.
Steve Mathieu	Care Group Director (CHAT). IT lead (Anaesthetics)	FOAMed. ICS council member. Organising committee for SOA and SMACC. Co-director for PINCER course.
Paul Sadler	Wessex Dean. (Anaesthetics)	Patient safety. Mortality review. Medical education.
Sara Blakeley	Clinical Director. Tracheostomy lead. Deteriorating patient lead for CG50. Equipment lead. (Renal)	Critical care Outreach. Trache outreach and education.
Matthew Williams	Regional Advisor for ICM. Medical director for simulation. ACCP lead (Anaesthetics)	Medical education. Simulation. Co-director for PINCER course.
Dave Pogson	Research lead (Anaesthetics)	Research. Toxicology.
James McNicholas	M+M lead (Anaesthetics)	Big data. Medical Mathematics.
Pete McQuillan	Governance lead. Transfusion committee member (Anaesthetics)	Physiology. Acid Base balance.
Phil Young	Guardian of safe working (hours) (Anaesthetics)	Lead for CCRISP.
Nick Tarmey	Governance lead. (Anaesthetics)	Trauma. Governance.
Helen Peet	Faculty Tutor Paediatric Lead (Anaesthetics)	Psychology of stress and resilience, effective debriefing FICE mentor. PINCER Co-Director
Richard Clinton	Clinical lead for organ donation Echo lead (Anaesthetics)	FICE mentor. Care of the critically ill obstetric patient.
Jonathon Coates	ACCP lead (Emergency medicine)	FICE mentor. Lung Ultrasound mentor.
Alex Belcher	Faculty Tutor (Anaesthetics)	Matching Michigan and infection prevention. In situ simulation.
Dave Slessor	Junior Medical Rota Co-ordinator (Emergency medicine)	POCUS. Director Wessex Cadaveric Airway Course, Portsmouth Intensive Care ECHO&U/S Course.
Jonny Thevanayagam	Clinical Audit (Single specialty ICM)	FICE mentor. Machine. Learning. Outcome Data Analysis.
James Doyle	(Single speciality ICM)	Advanced Respiratory Support, ECMO. Education (Crit-IQ), AKI.

3.6 Details of research projects being undertaken within the unit

TTM2/TAME – Final stages

STRESS L – Final Stages

VACRISS

GENOMICC

REMAP CAP

UK-ROX

SIGNET

GLASSHEART

EFFORT

3.7 How is the unit staffed?

The unit is divided into East and West sides both taking level 2 and 3 patients (i.e. not run as HDU and ICU)

Nursing staff: Staffed for 19 level 3 equivalent beds. Nurse in charge for each side to support the team

Consultant Level: Dedicated consultant cover 24/7. 2 consultants run the ICU every day of the year with one consultant covering the night currently as non resident weekdays and resident Friday-Sunday.

ACCPs: We currently have 5 qualified ACCPs as well as a further 3 in various stages of training. They are able to support both the senior and junior tier of the medical rota.

Junior medical staff: We currently run a registrar rota staffed with trainees from ICM and anaesthesia training schemes as well as Fellows (SHO and Registrar) on stand alone posts. We are part of the medical training initiative, taking overseas trainees with an ICM background for their overseas experience. We are one the Hampshire units that provide Respiratory Registrars with their ICM block experience. The SHO rota is staffed with trainees from Foundation, ACCS and CMT programmes as well as Acute Medicine registrars needing to complete their ICU training. Supernumerary: We take Foundation Year 1 doctors for 3 weeks of ICU experience as well as medical students from the University of Southampton.

Training

4.1 Details of training opportunities on the unit

Consultant-led handover daily 0830

Consultant ward rounds

In-situ Simulation sessions for junior trainees

Invited to follow up clinic

Invited to CPET sessions

Allocated and closely supported "acting up" weeks for senior trainees as well as acting up night shifts for those nearing completion of training in order to smooth the transition to consultant practise.

Monday, Wednesday, Friday – Microbiology round

Thursday – Radiology MDT teaching

Friday – Echo sessions (one on one training with FICE accredited echocardiographer/ICM Consultant mentor)

Opportunities for anaesthetic airway 'taster' sessions, sessions in bronchoscopy and thoracoscopy. Tracheostomy rounds.

Friday 1/2 day protected-time academic session including MDT session built into contracted hours 3 day induction programme which consistently is highly rated by trainees

We are very proud of our reputation of providing quality training and education on our ICU. We have structured our ward rounds and working day to optimise these opportunities

4.2 Details of departmental teaching

Departmental teaching every day at 1345 to cover essential training topics as well as topics of interest to the MDT

Friday teaching runs every Friday 1015-1430 divided into 3 sessions.

Core session aimed at junior tier to cover areas of all curricula

Middles session delivered by a trainee but supervised and facilitated by consultant. Incorporates case presentations/audit presentations/areas of interest. Trainees are encouraged to use these sessions to complete work based assessments

MDT session. Audit/M+M/review of incidents/research/professionalism/MDT presentations The MDT training has also now incorporated a well-being focus with sessions on Pilates and mindfulness.

Journal club runs monthly in addition to the teaching programme

4.3 Details of clinical governance meetings days and / or M & M

There are 6 sessions per year dedicated to the review of critical incidents

There are 6 sessions per year dedicated to M+M

There are further 3 sessions per year named "cake and quality" which ask the whole MDT to focus on a single governance question. Previous examples include (what makes us feel unsafe at work, how to put the fun back into work, learning from good practice)

There are a further 6 governance group meeting per year which trainees are welcome to attend

4.4 Number of trainees on each tier of the rota

SHO tier 11 trainees (+at times FY1 docs) Registrar tier 9
